### Requirements for Student license:

Eligible Students could purchase 20-20 Design Educational Version upon providing proof of enrollment in a minimum one (1) year program leading to a certificate or diploma at a recognized educational institute, incorporating 20-20 Design in its curriculum. Sufficient proof, in 20-20 Technologies reasonable opinion, that above enrollment requirement is satisfied must be provided

Registration Confirmation, & Student's transcripts, *{must show completed curriculum vs curriculum to be completed toward graduation certificate or diploma}*

**PLEASE NOTE:** It is the student's responsibility to verify the current recommended hardware configuration appearing on the 20-20 Support website, and consider their hardware compatibility with the 20-20 Design Educational Edition

### Provided by Instructor directly to 20-20 Technologies:

A list of eligible student's names that are currently enrolled in their school (Specify Program {ie: Interior Design... & student's prospective graduation)

### Maintenance & Support:

Support provided through the school

Since the students do not pay for Support Services, their instructor shall contact 20-20 Technologies on the student's behalf. On issues of how to work within the software {how to do issues, place walls, cabinets...}, students must refer to their instructor for assistance.

**PLEASE NOTE:** Strictly in a circumstance where the software is not functioning, not loading & the student is not able to enter design mode. If a student or school key has expired they contact Maria Angelopoulos at 866-698-2020 Ext 376 or via e-mail [maria.angelopoulos@2020.net](mailto:maria.angelopoulos@2020.net) If eligible, students could have their 20-20 Design Educational Software renewed for their 2<sup>nd</sup> year (*Same documentation requirements apply for student software renewal*)

**NKBA Student Members** could also purchase a license of the 20-20 Design Educational Edition. Upon written confirmation of their NKBA Student Membership Status through the NKBA Organization [www.nkba.org](http://www.nkba.org) and registration confirmation of the school they are attending;. NKBA Student Members must be enrolled in minimum one (1) year program leading to a certificate or diploma (*Same documentation requirements apply for NKBA Student Members*)

**Restriction for 20-20 Educational Software:** *Use of 20-20 EDU Software is not permitted during student internship*

Effective as of May 2008
